## WEDDING FLOWERS BY BLOSSOM & KELP

To me, nature is pretty much perfect...I love all things natural, wild and slightly undone. My flowers are seasonal, natural, and locally sourced when possible from my garden or other Cornish based growers.

I design especially to suit your style, theme & personality, whilst adding my unique 'natural chic' along the way! Whether you love a wild bouquet of garden roses, herbs and foliage or a coastal collection of agapanthus, eringiums and seaside loving foliage, your wedding flowers will be exclusively designed for you using the best flowers of the season.

I love to talk about your ideas, flower choices and wedding themes. Every bride & groom is different and I believe your flowers should reflect your uniqueness and individuality. Please don't hesitate to contact me to have a chat.

## COMMENTS FROM A FEW CLIENTS

'A HUGE thank you for the most beautiful flowers I have ever seen in my life! They make me cry just thinking about them and I never thought that they could be THAT amazing. Thank you from the bottom of my heart. You could not have arranged something more perfect or beautiful, from the bouquets to the button holes to my awesome flower crown which I did not take off (even after swimming in the sea!)

I'll never forget them, I don't think anyone will as they were the talk of the wedding! You did such a great job I can't even tell you and I will be happy recommend you to anyone as I honestly have never seen flowers more beautiful. Thank you so so much, you're such a star and the most amazing florist..! Lots of love and appreciation,
