# About Us

Blossom & Kelp is a wedding and events florist nestled on the north Cornish coast specialising in weddings, events and installations.

With a background in art and design, Rachel designs especially to suit you... your style, your theme & your personality, whilst adding her unique 'natural rustic chic' along the way! Arrangements are naturally beautiful, seasonal, & locally sourced from carefully selected Cornish based growers.

Whether you love a wild bouquet of garden roses and dahlias, herbs and foliage, or a coastal collection of agapanthus, eringiums and seaside loving foliage, your wedding flowers will be exclusively designed for you using the best and freshest locally grown flowers of the season.

Consultations are available on-line or in person prior to your wedding day, affording you the opportunity to discuss ideas, themes, colours and thoughts.

Please get in touch, we love to have a chat about flowers!

*To me, nature is pretty much perfect...I love all things natural, wild & slightly undone.*

*A HUGE thank you for the most beautiful flowers I have ever seen in my life! They make me cry just thinking about them and I never thought that they could be THAT amazing. Thank you from the bottom of my heart. You could not have arranged something more perfect or beautiful, from the bouquets to the button holes to my awesome flower crown which I did not take off (even after swimming in the sea!)*

*I'll never forget them, I don't think anyone will as they were the talk of the wedding! You did such a great job I can't even tell you and I will be happy recommend you to anyone as I honestly have never seen flowers more beautiful. Thank you so so much, you're such a star and the most amazing florist... Lots of love and appreciation, Charlee x'*
